UK

Reference – Anne Vlaanderen

To whom it may concern :

Anne was Makerversity's workshops manager, part of the core team that launched Makerversity Amsterdam.

Anne is an exceptional talent. She is completely passionate about the making sector and making entrepreneurs. A dedicated maker herself, she really understood what Makerversity Amsterdam's creative entrepreneurs needed and worked tirelessly to help them achieve their goals.

Anne is a determined problem-solver; her can-do attitude was loved by everyone she worked with and she was highly respected by the community. Anne played a pivotal part in setting the tone at Makerversity Amsterdam and high standards of best practice.

Anne is a supportive, collaborative team player with a thirst for learning, constantly updating her skills. I have really enjoyed working with Anne and would not hesitate to recommend her as someone who really understands making and entrepreneurship.

Yours faithfully,

Fiona Dent
